

COMMERCIAL BATTERIES

- Premium Heavy Duty Quality
- Maintenance Free Design with Crown Battery's Exclusive LifePlus™ Paste Technology
- Greater Capacities
- Longer Service Life

Only the Best, All the Time.

COMMERCIAL BATTERIES

Maintenance Free Flush Top Design

Innovative cover with recessed handles for easy installation and handling.

Cold Forged Terminal Posts

Deliver maximum performance with minimum terminal corrosion.

Rigid Connectors

Heavy-duty TTP, COS and Post connectors deliver maximum electrical efficiency and durability.

PowerHouse Plate Construction with LifePlus™ Paste Technology

Framed C/L plates with proprietary LifePlus™ paste for superior electrical performance and longer life than competitor batteries.

Posiwrap™ Envelope Separators

PosiWrap™ separators reduce maintenance and prevent failure due to short-circuiting and plate shredding, ensuring reliability and durability.

SEVERE DUTY

Dual Purpose/High Cycle

Proprietary "tight-pack" plate construction—with an extra glass mat layer—enables maximum performance and durability in commercial vehicle applications. Severe Duty Series batteries balance a combination of cranking power, cycling capability, vibration resistance, and system capacity, helping assure reliability in off-road, line-haul truck, coach, and emergency vehicles applications.
