

MARINE & RV BATTERIES

- Up to 1,000 Marine Cranking Amps (MCA)
- Crown Battery's Exclusive LifePlus™ Technology
- Exceeds OEM Recommendations
- Premium Quality and Performance

Only the Best, All the Time.

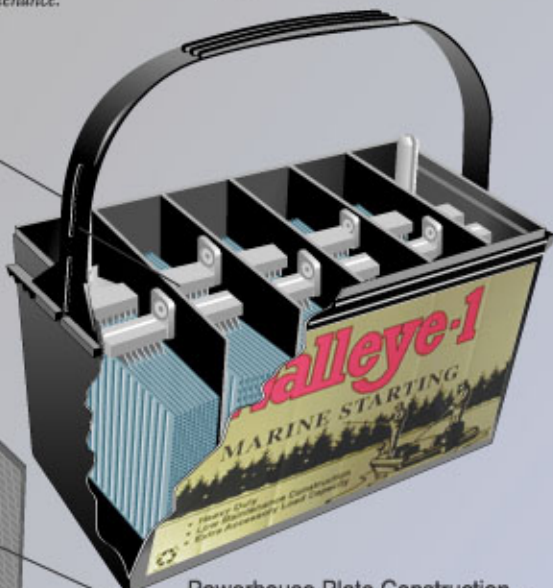

MARINE & RV BATTERIES

Cold Forged Marine Terminal
Dual threaded stainless steel and cold forged SAE posts resist terminal corrosion.

Low Maintenance Pod Vent
For periodic evaluation and seasonal maintenance.

Rigid Connectors
Thicker, TTP, COS and Post connectors for premium performance and reliability.

Posi-Wrap™ Envelope Separators
Posi-Wrap™ separators prevent failure due to short-circuiting and plate shredding.

Powerhouse Plate Construction - with LifePlus™ Paste Technology
Framed C/L plates with proprietary LifePlus™ paste for superior electrical performance and longer life than competitor batteries.

Heavy Duty Marine Starting & Deep Cycle Batteries

Recommended by many OE inboard and outboard engine manufacturers
